

INVEST IN A FEW

WE INVEST IN A FEW

Following the example of Jesus, we invest in a few to impact many. We play the long game: sharing the gospel, our lives, and leadership deeply with a few.

Our strategy is multiplication, not addition. We are disciples who make disciples who make disciples. We do this by entering into relationships with people to help them trust and follow Jesus. It is through this exponential development that we co-mission with Jesus and obey His great commission.

We believe that who we develop is more important than what we accomplish. As church leaders, we are constantly trying to work ourselves out of a job. We work hard, not to do ministry but to equip others to bear fruit in their ministry. As a result, when we lead, we don't do it alone. We choose a few to learn with us, so that we reproduce leaders who will further the mission of Jesus.

Who could replace me tomorrow?

“And he gave the apostles, the prophets, the evangelists, the shepherds and teachers, to equip the saints for the work of ministry, for building up the body of Christ.” Ephesians 4:11-12
